Tuesday 26 th June	Analysis	K11
Thursday 28 th June	Conclusions and Limitations	N19

July 2nd – 13th July 2007 – Year 10 Work Experience

I will have no more lessons with you after Work Experience as I will be in Iceland on the Monday, Tuesday and Wednesday of the last week. Therefore before you go on Work Experience I will make sure you know exactly what you need to do over the summer. Your coursework will be due in the 3rd week back in September (week beginning 20th September) – I will confirm the exact date with you nearer the time.

A ROUGH DRAFT OF ALL SECTIONS UP TO AND INCLUDING YOUR 4 STREET WRITE UPS (Introduction; Theoretical Background; Geographical Background; 1970's Write Up; 2007 Street Write Ups) MUST BE HANDED IN BEFORE WORK EXPERIENCE (i.e. by THURSDAY 28th JUNE)

Full feedback will be provided on anything handed in before work experience – ready to be collected from me on the last 2 days of term.

Remember – electronic copies of all work should be e-mailed to direct to me – you also need to back up your own copies regularly. Any work that has been amended and sent through again should have “improved” in the file title.
